+977-9748706471 | Dharan / Tulsipur, Nepal | [contact@thesandip.dev](mailto:contact@thesandip.dev) | [github.com/dev-sandip](https://github.com/dev-sandip) | [linkedin.com/in/sandip-sapkota](https://www.linkedin.com/in/sandip-sapkota) | [thesandip.dev](https://thesandip.dev)

## EDUCATION

---

### IOE Purwanchal Campus, Tribhuvan University

Dharan, Nepal

*Bachelor of Engineering in Computer Engineering*

Apr 2023 — Apr 2027 (*Expected*)

- Pursuing B.E. in Computer Engineering
- Active participant and leader in technical student organizations

## WORK EXPERIENCE

---

### Backend Developer

Oct 2025 — Dec 2025

Saypatri Group

*Nepal*

- Developing scalable services for high-traffic e-commerce platforms using Node.js & PostgreSQL

### Backend Developer (Node.js)

Feb 2025 — Oct 2025

Mitr Consultancy

*Nepal*

- Building and maintaining robust backend systems and APIs

### Software Engineer Intern (Node.js)

Jun 2024 — Feb 2025

Neon Shark

*Remote*

- Developed RESTful APIs, payment integrations (Stripe), subscriptions, and EmailJS notifications
- Built scalable backends with Express.js, MongoDB, TypeScript & Prisma

## PROJECTS

---

### Backend Developer, ACES Web Platform (<https://www.aceserc.org>)

2024 — 2025

- Built secure RESTful backend with Node.js + Express.js for events, admin panels & authentication (Clerk.js)
- Integrated with Next.js frontend and MongoDB

### Backend Developer, StudentTin (Tiffin Service) (<https://studentstin.ie>)

2024 — 2025

- Developed subscription platform with auth, Stripe payments, dynamic orders & notifications

### Backend Developer, Space Frame (E-commerce) (<https://spaceframe.co.in>)

2024 — Present

- Implemented Razorpay integration, order/cart management, and admin controls for scalability

## EXTRACURRICULAR ACTIVITIES & LEADERSHIP

---

### Technical Coordinator & Mentor, ACES (Association of Computer Engineering Students) Feb 2024 — Feb 2025

- Served as Technical Coordinator: Led projects, organized two hackathons, and headed technical execution for ACES Techfest 7.0
- Mentored students in **Python** and **Node.js** training programs organized by ACES
- Acted as mentor for **3 hackathons** organized by ACES, guiding participants on project development, debugging, and best practices

## SKILLS

---

- **Programming Languages:** JavaScript/TypeScript, Node.js, Express.js, Python, C, Go Lang
- **Frameworks & Tools:** MERN Stack, Next.js, Prisma, Tailwind CSS, Git, Linux, Docker
- **Databases:** MongoDB, PostgreSQL, MySQL
- **Other:** RESTful APIs, Payment Gateways (Stripe, Razorpay, Khalti), Authentication & Security
